

VACUUM GAUGES

NEW Nude Ion Gauge Parts

Choosing a Replacement Filament for a Nude Ion Gauge

1. Identify the Nude Gauge Type from the Previous Page: I, II, III, IV or V
2. Identify the Filament Material: T-Tungsten or I-Iridium (thoria coated)
3. Check the External Pins: A-Straight or B-Bent or C-Varian (see photos below)
4. Select Replacement Filament from the Table Below.

NUDE ION GAUGE REPLACEMENT FILAMENT ASSEMBLIES

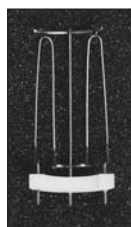

DUNIWAY PART #	DESCRIPTION	PRICE
FIL-7B	Replacement Tungsten Filament Assembly for Old Duniway Type I, Bent Pins	\$65.00
FIL-7A	Replacement Tungsten Filament Assembly for T-NUDE F, PE#605-7673, GP#274-022 Type I, Straight Pins	65.00
FIL-8B	Replacement Iridium Filament Assembly for Old Duniway Type I, Bent Pins	70.00
FIL-8A	Replacement Iridium Filament Assembly for I-NUDE F, PE#605-7672, GP#274-023 Type I, Straight Pins	70.00
FIL-12B	Replacement Iridium Filament Assembly for Old Duniway Type II, Bent Pins	80.00
FIL-12A	Replacement Iridium Filament Assembly for I-BAC-DI Type II, Straight Pins	80.00
FIL-13A	Replacement Iridium Filament Assembly for I-NUDE-BAC, GP#274-028 Type III, Straight Pins	70.00
FIL-580IR	Replacement Iridium Filament Assembly for I-580-275, I-580-KF-40, Type VI, Straight Pins	70.00
FIL-4A	Replacement Tungsten Filament Assembly for Varian #971-5008 Type V, Varian Bent Pins/Ceramic Spacer	40.00
FIL-9A	Replacement Iridium Filament Assembly for Varian #971-5007 Type V, Varian Bent Pins/Ceramic Spacer	55.00
