

# VACUUM GAUGES

## NEW Nude Ion Gauge Parts

### Choosing a Replacement Filament for a Nude Ion Gauge

1. Identify the Nude Gauge Type from the Previous Page: I, II, III, IV or V
2. Identify the Filament Material: T-Tungsten or I-Iridium (thoria coated)
3. Check the External Pins: A-Straight or B-Bent or C-Varian (see photos below)
4. Select Replacement Filament from the Table Below.

### NUDE ION GAUGE REPLACEMENT FILAMENT ASSEMBLIES

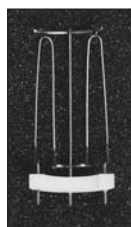

DUNIWAY PART #	DESCRIPTION	PRICE
<b>FIL-7B</b>	Replacement Tungsten Filament Assembly for Old Duniway Type I, Bent Pins	\$65.00
