

# VACUUM GAUGES

## Controllers, *NEW*

### Terranova® Model 809

Diaphragm Gauge Controller

**Inexpensive, Accurate, Gas-Species Independent Pressure Measurement for a Single Diaphragm Gauge Tube**

Includes Power Cord  
Sensor Tube not Included, see page 108.

#### FEATURES:

- Low Price
- 1/8 DIN Package
- Universal Power Supply (80 - 250 VAC, 50/60 Hz)
- Controls/Displays One Diaphragm Tube
- Operates with Standard, Unheated Diaphragm Tubes
- Process Control Set Point
- Pressure Units: Torr/mTorr
- 4 Digit Pressure Display. 0000 to 1000, User-Set Decimal Point.
- Analog Output – Linear 10.0 Volts Full Scale

### TERRANOVA 809 DIAPHRAGM VACUUM GAUGE CONTROLLER, CABLES

DUNIWAY PART #	DESCRIPTION	PRICE
<b>TERRA-809</b>	Terranova 809 Vacuum Gauge Controller for Single Terranova 808 or MKS 722B Diaphragm Gauge	\$460.00
<b>8100-0908-12</b>	Diaphragm Gauge Cable From Terra 809 to Type 808 or 722B Sensor , 10 ft Long	45.00

The Terranova 809 controls/displays a wide range of diaphragm gauge tubes, including the Terranova 808 Si Diaphragm Gauge and the MKS 722A series Baratron® Capacitance Diaphragm Gauges.

Accurate, gas-species-independent pressure readings can be provided over a range of more than 3 decades below Diaphragm Gauge Full Scale ratings of 100mTorr, 1 Torr, 10 Torr, 100 Torr and 1000 Torr.
