

HARDWARE

Bolts, Studs, Nuts & Washers - Packages

HARDWARE

NOTES ABOUT PART NUMBERS

- All Bolts and Studs are provided 25 per package.
 - S** in Part Number indicates bolts are Silver Plated. Silver Plating is 0.0002" thick.
 - A** in Part Number indicates Allen-Head. Alloy A-286 (90,000 psi min yield strength).
 - B** in Part Number indicates 12-Point Head, SST-302 HQ (70,000 psi min yield strength).
 - M** in Part Number indicates Metric Thread, Hex-Head, SST-302
- Nuts and/or Washers, non-plated, are provided in the packages with the Bolts.
 - N** in Part Number indicates 25 Hex Nuts and 50 Washers
 - N** and **F** in Part Number indicates 25 Flange Nuts and 25 Washers
 - N** and **P** in Part Number indicates 13 Plate Nuts and 25 Washers
 - X** in Part Number excludes Nuts, includes 25 Washers
- Bolts and Studs, non-silver plated, are also available at the same price, and can be ordered by deleting the first letter "**S**" from the Part Number.
